

Blast Off!

...The First Week

“The journey of a thousand miles
begins with a single step.”

The Transition Period Report

Dear parents

Greetings from, **Love Dale Central School**

The academic tone for the entire year is set by the way the classroom appears, the establishment of the routines and procedures and the enrichment of the child's physical environment with necessary colours, shades, and resources. It is further reinforced by connecting with parents, a planned organisation of the class, and preparation of the educator to motivate the learners by creating a stimulating environment and leaving a positive impression on them.

Our dedicated educators have invested the first week in building the learning platform for your young ones that will make their journey enriching, joyous, and meaningful.

Let us update you on how your young one has adjusted to his/her new class during the transition period and is ready to blast off:

S. No.	Descriptive Indicators	1	2	3
1	She/He is familiar with the correct procedure for reporting to the class.			✓
