### 3.6: Missing addend

Understand

Study this example to find the missing addend.

$$2 + \square = 3 \text{ tomatoes}$$

Hide **2** tomatoes. How many tomatoes can you see? I can still see **1** tomato. Hence, **1** is the missing addend.

Answer:  $2 + \boxed{1} = 3$

Do

Find the missing addend by hiding the vegetables equal to the first addend.
