Sub: Chemistry

Date: 16.06.2021

Topic: Water a precious resource

---

### **I. Answers for the following questions:**

1. On which source of water, India depends for water availability?

**Ans:** Water availability in India depends greatly on the seasonal monsoons.

2. Which are the major rivers of India?

**Ans:** The three major rivers are Indus, Ganga and Brahmaputra.

3. Define:

**Ans: a) Dams:** A dam is a structure built across a river or stream to hold back water.

**b) Peninsular:** A piece of land surrounded by water on three sides.

4. Why dams are constructed?

**Ans:** To regulate water flow in rivers and distribute water more evenly throughout the year, large dams have been built on a number of rivers.

5. When monsoons enter india?

**Ans:** In the month of June monsoons enter India.
