A note from our Coordinator:

Dear Parent,

Greetings from KMS Family! The great educationist **Maria Montessori** says “**The goal of early childhood education should be to activate the child’s own natural desire to learn**”. So to fulfil the child’s desire we follow the child. It gives me immense pleasure to share information on the success of our first month of FYP - Programme. It was amazing to see our tiny tots settling in their classrooms like a fish in the water. Our students adapted to the routine with ease, and I must appreciate the support from all our parents.

Thank you, once again dear parents, for partnering with us.

Best wishes
