Dear Parent,

It has been a great first month of school, and we have enjoyed getting to know your children. Our focus this month has been on teaching and practicing procedures and expectations so that students had a better understanding of how Synchronous and Asynchronous Learning functions. To get off to a great start in kindergarten this year we have special note from our School Leadership team!

A note from our Coordinator:

Dear Parent,

Greetings from KMS Family! The great educationist **Maria Montessori** says “**The goal of early childhood education should be to activate the child’s own natural desire to learn**”. So to fulfil the child’s desire we follow the child. It gives me immense pleasure to share information on the success of our first month of FYP - Programme. It was amazing to see our tiny tots settling in their classrooms like a fish in the water. Our students adapted to the routine with ease, and I must appreciate the support from all our parents.

Thank you, once again dear parents, for partnering with us.

Best wishes
