A Glance at Learning for the Month : August

Note from our Teacher

" Kindergarten is a place where little hands learn to paint their world with bright and beautiful colours "

The kindergarten is called a second home. Why? Because in kindergarten children gain skills and absorb knowledge of their life. Kindergarten helps the child with an opportunity to learn and practice the essential of social, emotional, problem solving skill. It also helps them to understand things more deeply and remember them. Dear parents we are promising that every day your child will learn something, children will bring their learning to home in their hands, heads and heart.

Thank You

PARENTS TESTIMONIALS / FEEDBACK:

PARENTS TESTIMONIALS/FEEDBACK:

Mr. Sharanbasappa Rodabasannavar.

(Parent of Ritvik Rodabasannavar (LKG Rigel))

Nursery school makes fun for children, which also motivates my son to go to school every day with full of enthusiasm. My son comes home with new learning every day and demonstrates same in front of mother.

My son has immense development in his communication, attention, discipline, helping nature. He engages himself in the school as well as at home. KMS gives a chance for my child to grow holistically.

Thank you.

THANK YOU
