MY CLASSROOM NEWS

LKG

October – November - December

A Note from our KG Teacher

Dear Parents,

My love for teaching children is what makes me an able kindergarten teacher. I love to watch these young minds grow and treasure their learning experience for the future.

Teaching is all about nurturing young minds. I encourage true freedom of expression, mutual respect and a sense of responsibility in all my students. I observe that with the advent of digital classes due to the current situation, the students are missing outdoor activities. To develop their social skills I encourage and motivate students by conducting different outdoor activities.

Thank You
