NURSERY

(January – February – March)

A Note from our KG Teacher

Dear Parents,

My journey started with learning to teach this young minds, it turned me to be passionate about teaching. It was different experience for me to share and make these toddlers imbibe and ignite their minds to acquire new ideas and enjoy the learning. It was real challenge for me to nurture and align these young minds. Their naughtiness and playfulness made me to understand how beautiful to turn their interest in learning through reading and writing using the latest teaching aids. Activity based teaching is happiest moment one shall enjoy acquiring the knowledge within them. Physical activity makes everyone more involve in the overall development.

I cherish felicitating young ones in their learning. Ramakrishna Paramahansa said "As long as I live, so long do I learn". Working with such young minds is my unforgettable memory to cherish rest of my life.

Thank You

PARENTS TESTIMONIALS / FEEDBACK:

PARENTS TESTIMONIALS/FEEDBACK:

Mr. Devanand and Mrs. Radha Madiwalar (Parents of Manikanth Madiwalar (Nursery Omega))

Manikanth was scared before going to school. Now he is very happy to go to school. He has started conversing in English. As a parent we are happy with his journey of learning at KMS. He has good vocabulary, recognises the phonic sound and recites rhymes. Manikanth is able to name the vegetables, fruits and animals. He is able to express his learning and has become social. We feel proud about him for his achievements.

Thank You KMS.

THANK YOU
