A GLANCE AT LEARNINGS FOR THE MONTH: JULY

Note from our In-Charge Coordinator:

"Kindergarten children are confident in spirit, infinite in resources and eager to learn, everything is still possible"

Learning is the process of constantly updating in an ever-changing world. The first five years experience the most rapid changes of life and are critical in child's development. Our school is warm caring and happy one where self-esteem and confidence are developed and grown. Our focus is to always put the kids first! We feel happy to state that all parents stay involved in our process and having faith and confidence on us. Your faith is our Divine force.

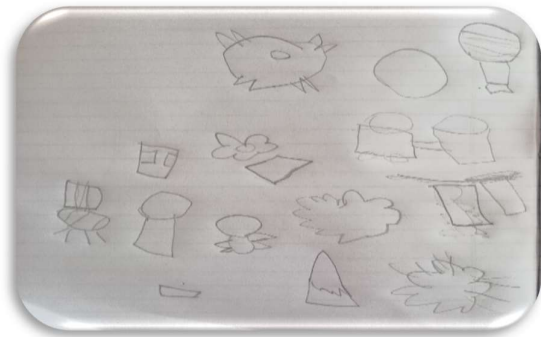

Thank You
