MY CLASSROOM NEWS

*LKG
(June)*

Dear Parent,

It has been a great first month of school, and we have enjoyed getting to know your children. Our focus this month has been on teaching and practicing procedures and expectations so that students had a better understanding of how Synchronous and Asynchronous Learning functions. To get off to a great start in kindergarten this year we have special note from our School Leader!

A Note from our beloved Principal

" Dear young Explorers and Parents",

I am thrilled to introduce our kindergarten magazine, a vibrant showcase of our children's creativity, curiosity and imagination. This magazine is a celebration of the joy and wonder of learning and the incredible journey our young students are on.

As they explore and discover the world around them, our kindergarten children are developing essential skills, values and friendship that will last a lifetime. Through their activities, artwork, stories and experiences shared in these pages, you will get a glimpse into their bright minds and shining personalities.

I am so proud of each and every one of our students and I am grateful to our dedicated teachers and staff who nurture and support them every step of the way. I am thankful for all the support and cooperation given by the parents.

Enjoy this magazine and let's keep inspiring our young minds to dream big, explore often and shine bright!

Warm regards,
Hanmesh Dudyal
Principal
