A Note from our Teacher

My Learning Journey with Kids

Ms. Sheefa Desai

Kindergarten is a critical period in a child's educational journey, and it's fascinating to see how they learn and grow during this time. At our school, we follow few methods to support a child's learning at this stage.

Our classrooms often incorporate play - based activities that encourage children to explore, experiment and learn through hands-on activities. Our classroom engage in various hands - on activities, such as arts, crafts, sensory play, manipulates to develop their fine and gross motor skills and develop eye and hand coordination too. This is a time when children to interact with their peers, develop social skills and build friendships. Children learn by observing and imitating their teachers, peers and environment. Children are introduced to the world of reading through Phonics, Story Telling, Picture books and early literacy activities.

Our classroom often incorporate music, dance and movement activities to promote creativity, self-expression and physical development.

At the end overall, kindergarten is a time of wonder, discovery and growth. Children learn and develop all the skills and knowledge in many exciting way. I feel proud to be a kindergarten teacher.

A Glance at Learning for the Month : December

LANGUAGE AND LITERACY: We learnt /F/f/, /B/b/ sounds, words related to these sounds and sight words - 'big, for, he, she'. **Activities :** We heard story related to the sound, recited Jolly Phonic rhymes. We enjoyed the activities like mystery box, play dough, colouring the letter, solving worksheet, colouring the picture with sound, arranging grains on the sound, arrange the alphabets to construct the words. We also practiced pattern writing .

NUMERACY: We revised the number 7, 8 and 9. We also learnt Pre Maths Concept, 'More - Less'. **Activities :** Activities with number rods, counting beads, arranging beads for numbers and solving worksheet etc... We also enjoyed with water pouring activity.

GENERAL AWARENESS: We learnt the concepts like 'Sea Animals, Water Animals'. **Activities :** Watching video of Water Animals and Solving worksheet etc...

CREATIVE EXPRESSION: We enjoyed with 'pasting blue paper on the picture, creating fan, ribbon pasting etc...

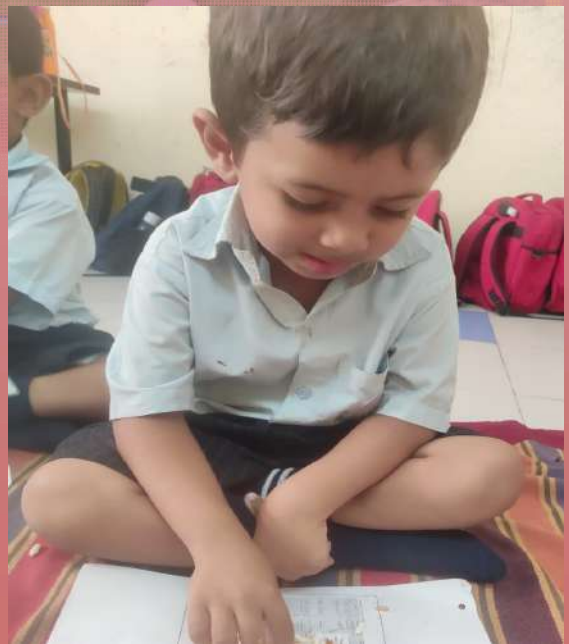

STORIES WE HEARD: The Monkey And Cap Seller, Hats, The Four Friends, Where is Maisy ? etc....

MUSIC AND MOVEMENT: We enjoyed reciting rhymes like : The Right Hand and The Left Hand, Move Move, Yankee Doodle, Johny Johny, To Market to market ...

Motor Skill Activities: Hopping, Running, Basket Ball, Climbing on a Ladder, Playing with hula hoop, Peg Puzzle, Using tongs, Squeezing Sponge etc....

MY SPECIAL DAYS FOR THE MONTH: We participated in 'Tummy Treat Day', 'Green Day', 'Christmas' and 'Annual Day'.

MARK YOUR CALENDAR: : 13th January Makara Sankranti,
24th January Republic Day.

There is a fabulous photo gallery of mine.

PARENTS TESTIMONIALS / FEEDBACK:

Mrs. Asha N. Yadalli
(Mother of Gamana (Nursery Rigel))

Gamana is an extremely energetic child. We saw big transition in our daughter. At the time of admission she didn't know how to speak any language. But now she can speak in Kannada, Hindi and English as well. Now she recognizing all the phonic sounds, pictures and numbers (forward and backward). Her general knowledge has become outstanding. She is also able to write all the sounds and numbers. She can recite all the shlokas, assembly, commands and the national anthem. The most important thing we expected and are thrilled to see her develop, is discipline, obedience and a willingness to share with others.

She is paying less attention to TV and mobile. She always enjoys colouring and drawing using her imagination. We realized how creative my girl is. We are very pleased with the improvements. She has been performing all academic activities perfectly. With dedicated efforts from your side there is no doubt that KMS kids will be future rock stars.

Thank You
