LKG

(February and March)

Theme: Technology and Environment

A Note from our Teacher

Mrs. Jyoti S. Chimmalagi

"LITTLE HANDS, BIG HEART"

"A teacher's love and care can change a child's life. When a teacher shows kindness and compassion, a child feels safe and loved. This special bond between a child and teacher helps shape the child's heart and mind. It's a relationship that can make a big difference in a child's life. The relationship between a child and their teacher is one of the most significant factors in shaping a child's educational journey.

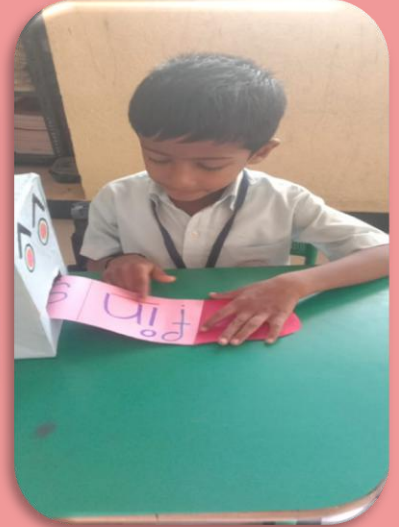

As a kindergarten teacher, I have learned that loving and caring for my students is the key to helping them learn and grow. When my students talk, I listen carefully to what they say and show them that I genuinely care. I try to create a safe and happy space for them by speaking softly and moving gently. I also make sure to look into their eyes, so they know I'm really interested in them.

Playing and learning together is also very important. I love guiding my students through fun activities like arts and crafts, painting and reading. We have so much fun exploring and discovering new things together. These special moments help me build a strong bond with my students and create a happy and supportive classroom environment.

As a mother teacher, I want my students to feel loved, supported and encouraged. I make sure to show up on time, keep my promises and provide a nurturing environment for them to grow. I ask them about their interests, hobbies and listen carefully to what they say. I also give them hugs and words of encouragement to show them love and appreciation. By doing these simple things, I have been able to build strong bonds with my students, help them grow and thrive in a happy and loving environment.

A Glance at Learning for the Month February and March

LANGUAGE AND LITERACY: We revised '/A/a/' to '/Z/z/' sounds and /i/, /o/ and /u/ family words. **Activities :** Loud Reading of family words and Solving worksheet

NUMERACY: We can count, quantify the numbers from 41 to 50, and learnt number names 'eleven to twenty'. We can recognize the objects which are in 'Cuboid, Prism and Cylinder' and also learnt the concept of 'full, half, quarter, empty, addition, subtraction'. **Activities :** Activities with Solid Shapes, Counting Beads, Solving Worksheets and Playing Games etc....

GENERAL AWARENESS: We learnt the concepts like 'Importance of Plants, Uses of Water, Mode and Importance of Transport, Safety on Road, Technology at home and school, Uses of Technology'. Activities : Solving Worksheet, Discussion in the Circle Time

MUSIC AND MOVEMENT: We enjoyed reciting rhymes like : Animals in Action, Zumba Dance, Come on Come on.... etc

STORIES WE HEARD: Why Lion Roars? The Big Pancake, Save Our Public Property, The Peter Rabbit etc....

CREATIVE EXPRESSION: We enjoyed 'Creating Stick Puppets, Paper Bag, Madubani Art, Warli Paint, Paper Boat and Aeoplane'

Motor Skill Activities : Finger Movement, Finger Exercise, Tapping Hands, Standing on one foot, Throwing ball by one hand etc....

MY SPECIAL DAYS FOR THE MONTH: We participated in 'Tummy Treat Day', 'Yellow Day'.

There is a fabulous photo gallery of mine

Thank You
