MY CLASSROOM NEWS

*UKG
(June)*

Dear Parent,

It has been a great first month of school, and we have enjoyed getting to know your children. Our focus this month has been on teaching and practicing procedures and expectations so that students had a better understanding of how Synchronous and Asynchronous Learning functions. To get off to a great start in kindergarten this year we have special note from our School Leader!

A Note from our beloved Principal

Welcome to Our KG Section Magazine!

Dear Students and Parents,

I am thrilled to introduce the first edition of our KG section magazine, which highlights the amazing activities and learning experiences of our young students. This month's theme, "All About Me," is a perfect opportunity for our students to explore and express their individuality.

Throughout the month, our KG students have been engaging in various activities that promote essential life skills, values, and STEM concepts. From learning about their own strengths and weaknesses to developing social skills through group activities, our students have been working hard to become confident and curious learners.

In this edition of the magazine, you will find showcases of student work, teacher insights, and highlights from our monthly activities. We hope you enjoy reading about the exciting things our students have been learning and exploring.

Life Skills:- Self-awareness and self-expression, Social skills and teamwork, Emotional intelligence and empathy

Values:- Kindness and respect for others, Honesty and integrity, Responsibility and self-care

STEM Concepts:- Exploring shapes and patterns, Introducing basic counting and numbers, Discovering the world around us through science and nature

Theme: All About Me- Learning about our own strengths and weaknesses, Expressing ourselves through art and creativity, Building confidence and self-esteem

I would like to take this opportunity to thank our dedicated teachers, staff, and parents for their support and contributions to our students' learning journey. Together, we can provide our students with a nurturing and stimulating environment that fosters their growth and development.

Happy Reading!

Sincerely,

Dr. Hanmesh Dudyal
