

Chintana Science Examination - 2025-26

Grade-wise Syllabus

Grade 1: Our surroundings, body parts, cleanliness, weather, good habits, our food, water, our clothes, transport and communication, plants and animals.

Grade 2: Our body, cleanliness, nutrition, drinking water, food, exercise and health, our neighborhood, animals, plants, home and surroundings, transport and communication.

Grade 3: Importance of cleanliness, water sources, plants and their parts, domestic and wild animals, good habits, water and its uses, cleanliness and safety, our body.

Grade 4: Matter and materials, environment and pollution, force and energy, food and nutrition, water resources, forest, weather and seasons, living and non-living things, inventions.

Grade 5: Natural resources, environment, water, air, soil, solar system, our earth, agriculture, fertilizers, photosynthesis, health and hygiene, nutrition and diseases, types of houses.

Grade 6: Characteristics of living beings, body parts of animals, classification of plants and animals, air and water, forest resources, properties of materials, magnets, light and shadow, electricity.

Grade 7: Nutrition in plants, digestion in animals, heat, weather and climate, wind and storm, reproduction in plants, respiration, waste disposal, water cycle, forest, soil, transportation.

Grade 8: Crop production, microorganisms, cell structure, reproduction, adolescence, metals and non-metals, combustion, pollution, force and pressure, sound, friction, solar system.

Grade 9: Food and its sources, tissues, diversity in living organisms, natural resources, force and laws of motion, gravitation, energy and work, matter and its properties, atoms and molecules.

Grade 10: Life processes, control and coordination, reproduction, heredity, light, electricity, magnetic effects of electric current, sources of energy, environment, sustainable management.

Chintana Science Examination - 2025-26

Examination Pattern

- From Grade 3 onwards, the Chintana Science exam will be conducted using the OMR method.
- Grades 1 and 2 will have worksheet type Question paper.
- Exam Duration: 60 minutes
- Type of Questions: Objective (Multiple Choice Questions)

Marks Distribution (Grades 1 to 10)

Grade Level	Type of Questions	No. of Questions	Marks
Grade 1 & 2	1-Mark Questions	40	40
	Picture-Based Questions	2	10
	Total		50
Grade 3 to 10	1-Mark Questions	50	50
	10-Mark Question	1	10
	Total		60

- Parents are requested to encourage your child to participate in the Science Olympiad, by enrolling their name on or before Monday dated, 28th of July 2025.
- For any queries and assistance contact the Class teachers.

Regards,

OLYMPIAD H.O.D
