

Suresh Angadi Education Foundation's

Angadi International School

(Affiliated CBSE, New Delhi)

(2025-26)

Grade: V

Subject: SOCIAL STUDIES (Practice Worksheet)

09/08/25

Instructions for Students:

Before solving the worksheet, kindly read the lessons carefully — this is very important. This worksheet is given for **extra practice**, so make full use of it.

- Based on **Lesson No. 5, 6, and 7**.
- Solve on **ruled paper**.
- Draw proper **margins** and write in **good handwriting**.
- Fix a **time and place** for solving it without disturbance.
- **Submission date:** 19/08/25 (Tuesday) – **Compulsory**.

I. Assertion – Reason question

Read the given statements. Write

- a. If both (A) and (R) are true and (R) is the correct explanation of (A)
- b. If both (A) and (R) are true but (R) is not the correct explanation of (A)

1. **Assertion (A):** Dates are the main fruit grown in Saudi Arabia.

Reason (R): Date palms can survive in hot and dry conditions.

2. **Assertion (A):** Saudi Arabia has very little rainfall.

Reason (R): It is covered mostly by deserts.

3. **Assertion (A):** People in the DRC grow crops like cocoa and coffee.

Reason (R): These crops need hot and wet climate conditions to grow well.

4. **Assertion (A):** The Democratic Republic of Congo receives heavy rainfall throughout the year.

Reason (R): It lies near the equator.

5. **Assertion (A):** Places near the equator have a hot climate throughout the year.

Reason (R): The Sun's rays fall directly on the equator all year round.

6. **Assertion (A):** Hill stations have a cool climate.

Reason (R): Temperature decreases with height above sea level.

II. Define the following

- 1) Humidity 2) Ferry 3) Poaching 4) Oasis 5) Nomadic

III. Write True OR False and rewrite the correct statement.

1. Saudi Arabia has many rivers that flow throughout the year.
2. Date palms can survive in hot and dry conditions.
3. Saudi Arabia receives very little rainfall because it is mostly desert.
4. The DRC has a dry climate, so very few plants grow there.
5. The forests of the DRC are home to animals like gorillas, elephants, and okapis.
6. The DRC receives heavy rainfall because it lies near the equator.
7. Coastal areas have an extreme climate with very hot summers and cold winters.
8. Temperature increases as we go higher above sea level.
9. Places near the equator have a hot climate throughout the year.

IV. Answer these questions

1. Describe the lifestyle of the people of Saudi Arabia.
2. Give a brief description of the main sources of income in Saudi Arabia. Mention at least three and explain each in one sentence.
3. State and explain three ways in which the people of the DRC earn their livelihood.
4. Explain the importance of forests to the people of the Democratic Republic of Congo. Mention at least three points.
5. Write short notes on the economic activities of the people living in the DRC.
6. Write short notes on hot, temperate, and cold climate zones.
7. State and explain three differences between hot and cold climate zones.
8. Give a brief description of the factors that affect the climate of a place.
9. Draw a neat diagram of Sun's rays falling on the Earth.
10. Draw a neat diagram of Heat Zones of the Earth.

V. Map work (World Map)

- | | |
|---------------------|------------------------|
| 1. Saudi Arabia | 9. Tropic of Capricorn |
| 2. Canada | 10. Arctic Ocean |
| 3. USA | 11. South America |
| 4. Red Sea | 12. Europe |
| 5. Arabian Sea | |
| 6. Arabian Gulf | |
| 7. DRC | |
| 8. Tropic of cancer | |
