Topic : Good Books

Good books are friendly things to own.

If you are busy they will wait.

They will not call you on the phone,

Or wake you if the hour is late,

They stand together now by row,

~~Upon the low shelf or the high.~~

But if you're lonely & this you know—

You have a friend or two nearby.

The friendship of books is real.

They're never noisy when you're still.

They won't disturb you at your rest.
