

Explain the process:

2.Observe the picture and label how water changes from one state to another. 1M

3. Circle the luminous objects and underline non-luminous objects. 3M

				
Luminous	Luminous	Luminous	Luminous	Luminous
Non-Luminous	Non-Luminous	Non-Luminous	Non-Luminous	Non-Luminous
				
Luminous	Luminous	Luminous	Luminous	Luminous
Non-Luminous	Non-Luminous	Non-Luminous	Non-Luminous	Non-Luminous

4. Identify the objects as Transparent, Translucent and Opaque objects. 2M
