

OBJECTIVE

Motivated and adaptable professional with a background in management and analytics. Eager to contribute to team success through hard work, problem-solving, and a commitment to continuous learning. Ready to take on diverse responsibilities and grow within a dynamic work environment.

CERTIFICATIONS

Google Data Analytics

Coursera 2024-09-12

The Google Data Analytics Certificate helped me gain job-ready skills to work with data in business environments. I learned to apply core concepts such as **data cleaning, data analysis, and data visualization**, and worked with tools including **spreadsheets, SQL for database querying, R programming for statistical analysis, and Tableau for dashboarding**. The course also emphasized **data ethics, stakeholder communication, and critical thinking**, preparing me to convert raw data into actionable business insights and contribute to roles such as **data analyst, business analyst, or reporting coordinator**.

SKILLS

- Business & Data Analysis
- Project Management
- SQL, R, Python
- Data Visualization
- Microsoft Office
- Leadership

EDUCATION

Master's in Management Studies

Alkesh Dinesh Mody Institute for Financial and Management Studies Dec 2021 - Aug 2023

Graduated with a CGPA of 7.2 on a scale of 10

Area of expertise: Systems

During my MMS in Systems, I developed a strong interdisciplinary foundation in management principles and technology applications. I gained conceptual and practical understanding across domains such as **strategic management, operations, HR, finance, and marketing**, while also building technical competencies in **database systems, project management, enterprise systems, and big data analytics**. Subjects like **business statistics, operations research, and business research methods** sharpened my analytical and decision-making skills, while subjects such as **digital business and managing technology business & IT resources** deepened my awareness of the role of technology in modern business environments.

Bachelor of Science

Gogate Jogalekar College, Ratnagiri Jul 2018 - Jul 2021

Graduated with a CGPA of 8.4 on a scale of 10

Area of expertise: Biotechnology

During my BSc in Biotechnology, I built a solid foundation in the biological sciences, chemistry, and interdisciplinary applications of biotechnology. My coursework covered fundamental areas such as **cell biology, genetics, physiology, and microbiology**, as well as advanced subjects like **molecular biology, immunology, pharmacology, and environmental biotechnology**. I also gained practical insights into modern research techniques through subjects like **biostatistics, bioinformatics, bioprocess technology, and molecular diagnostics**, which enhanced my analytical and laboratory skills. This broad exposure laid the groundwork for my interest in

interdisciplinary fields such as **health informatics, data-driven biosciences, and research-oriented management.**

EXTRA - CURRICULAR ACTIVITIES

Chief Igniter

Unstop Igniters Club *Jan 2022 - Dec 2022*

I had the honor of successfully leading and managing a highly capable team of seven members. Together, we orchestrated three National Level Quizzes on the Unstop platform that were met with widespread acclaim and admiration. The events were executed with such precision and attention to detail that they received a remarkable rating of 4.3 out of 5. It was an incredibly rewarding experience to witness the results of our hard work and dedication come to fruition.

Member

Entrepreneur Cell *Jan 2022 - Dec 2022*

I played an instrumental role in promoting entrepreneurship by coordinating and conducting various workshops and seminars aimed at creating awareness and providing valuable insights to attendees. Through these initiatives, I was able to empower individuals with the necessary skills and knowledge to succeed as entrepreneurs, thereby contributing to economic growth and development.
