

Amstrong No

```
const number = 153;
```

```
const numStr = number.toString();
```

```
const numDigits = numStr.length;
```

```
let sum = 0;
```

```
for (let i = 0; i < numDigits; i++) {
```

```
    const digit = parseInt(numStr[i], 10);
```

```
    sum += Math.pow(digit, numDigits);
```

```
}
```

```
if (sum === number) {
```

```
    console.log(`${number} is an Armstrong number.`);
```

```
} else {
```

```
    console.log(`${number} is not an Armstrong number.`);
```

```
}
```
